## PROFESSIONAL SUMMARY

Passionate and self-driven B.Tech Computer Science (4th Year) student with hands-on experience in Full Stack Development, MERN Stack, REST APIs, JavaScript, React.js, Node.js, and modern software engineering practices. Skilled in building scalable web applications, frontend-backend integration, database management, and collaborative development workflows. Strong interest in Generative AI, DevOps, Docker, and AI-powered systems with excellent problem-solving and communication skills.

## EDUCATION

### Parul University, Vadodara

Bachelor of Technology in Computer Science Engineering

CGPA: 7.26 | 2023 – Present

## TECHNICAL SKILLS

|                |                                                                   |
|----------------|-------------------------------------------------------------------|
| Programming    | JavaScript, TypeScript, Java, Python, C                           |
| Frontend       | React.js, Next.js, HTML5, CSS3, Tailwind CSS                      |
| Backend        | Node.js, Express.js, REST APIs                                    |
| Database       | MongoDB, CRUD Operations, OData Services                          |
| DevOps & Tools | Docker, Git, GitHub, Linux Basics, CI/CD Concepts, AWS (Basic)    |
| AI & Concepts  | Generative AI, Prompt Engineering, Agile Methodologies, Debugging |

## PROJECTS

### Full Stack SAP UI5 Interactive Form Application

- Built a responsive frontend application using MVC architecture and integrated backend APIs using OData services. Implemented dynamic event handling, responsive UI, and deployment workflows improving usability and application performance.

### Automated Invoice Generator

- Developed an invoice generation application with responsive UI, backend processing logic, and workflow automation reducing manual effort and improving operational efficiency.

**Fuel Flux – Smart Slot Booking System**

- Designed a smart slot booking platform reducing customer wait times and improving user experience through optimized frontend workflows and collaborative development.

**SAP Fiori OData Integration**

- Integrated frontend interfaces with backend services enabling CRUD operations, real-time interaction, and enhanced system performance.

**CERTIFICATIONS & ACHIEVEMENTS**

- SAP Certified Associate – Back-End Developer ABAP Cloud
- GenAI-Powered Data Analytics Job Simulation – Tata Forage
- Top 100 Finalist – Innovators Squad Hackathon
- Top 10 Finalist – Tech Expo, Parul University
- Active LeetCode Problem Solver
- Coordinator at Parul University
