Hiring Team
Capgemini

Subject: Application for SAP BTP Internship 2026

Dear Hiring Team,

I am writing to express my interest in the SAP BTP Internship 2026 at Capgemini. As a final-year B.Tech Computer Science student with hands-on experience in SAP BTP, SAP Fiori/UI5, OData services, and enterprise application development, I am excited about the opportunity to contribute to Capgemini's innovative SAP and cloud-based projects.

Through my academic projects and SAP-focused training, I have developed practical experience in building responsive SAP applications, integrating frontend and backend services, and working with cloud-based deployment workflows. My projects include developing an AI-powered SAP Copilot Assistant integrated with SAP BTP, creating SAP UI5 applications using MVC architecture, and implementing OData-based enterprise integrations.

In addition, I hold the SAP Certified Associate – Back-End Developer ABAP Cloud certification, which has helped me gain deeper exposure to SAP ABAP Cloud concepts, SAP RAP model, CDS views, and SAP Business Technology Platform. I am also proficient in Python, Java, REST APIs, Git, debugging, and agile development practices.

What excites me most about this internship is the opportunity to work on real-world SAP BTP and integration projects while learning from experienced professionals at Capgemini. I am confident that my technical skills, eagerness to learn, and collaborative mindset make me a strong fit for this role.

Thank you for considering my application. I look forward to the opportunity to contribute to your team.

Sincerely,
Bhoomi Sharma
